### SEE WHY EVERYONE IS GOING WITH WORLDWIDE

**Superior Equipment** - The New EIS 5000 GCAF Analyzer includes higher quality computer and analytical components, allowing for high throughput testing while ensuring less downtime.

**The Wi-Fi Advantage** - Our dual Wired/Wireless OBDII Tester uses Wi-Fi rather than Bluetooth, which allows for a much longer range of communication as well as negates all Bluetooth connectivity issues from vehicle cabin shielding.

**Faster Service and Support** - Our Industry-best Service and Support Network **GUARANTEES** faster response times, and well trained field service technicians with inventory on-board to get you up and running faster.

Our Service Department has the ability to remotely connect to your analyzer, when permitted, to reset lockouts as well as diagnose any issues, guaranteeing less downtime. And our Saturday Service is always available.

**You're Covered** - Everything You Need for Phase V. Covered. Don't sacrifice your business' success! The highest quality Analyzer, supported by our state-of-the-art Service Department, the New EIS 5000 GCAF is the solution you need!

**GUARANTEED TO INCLUDE ALL PHASE V COMPONENTS**
