STANDARD EQUIPMENT

**Racing 350 Lifting Platform w/
Remote Controlled Electric Pump
Load Capacity: 350 kg
Working Area: 200 x 60 cm
Maximum Lifting Height: 100 cm
Number of Mechanical Locking Points: 6
Scissor Technology
Safety Bar**

The Racing 350 Motorcycle Lifting Platform includes a remotely controlled, electric-hydraulic pump which lifts the platform fast and quietly to the maximum working height.

The entire hydraulic system is protected and integrated, designed specifically for racing motorcycles and mopeds. The solid structure allows lifting weights up to 350 kg to a height of 100 cm.

The large ramp and small distance from the floor facilitate easy pushing of motorcycles, with a double punch guide cylinder system to ensure extreme stability.
